## CHURCH MATTERS.

Elder J. G. Livingston will preach at Holdam's Mill Sunday next at 11 A. M. The Board of Church Extension of the Methodist Episcopal Church, South, completed its work in Louisville, after passing the calendar distributing in loans and donations to needy churches the sum of \$95,000.

The only church in Kentucky which applied to the Board of Church Extension of the Methodist church, which was in session in Louisville last week, was that at Cynthiana. It was granted a loan of \$4,000 but its request for a donation of \$400 was turned down.

Since Rev. S. M. Rankin took charge of the Presbyterian church at Greensboro, N. C., 75 new members have been added. Old members have become more active and the church is in a most healthy condition. Mr. Rankin's many friends here will be glad to learn of the good work he is doing in the Tar Heel State.

An idea of the way they attend church at Columbia may be had from the following from the News of that place: The Methodist church was crowded beyond its seating capacity last Sunday night, all the aisles being filled. The people were packed like sardines in a box and hundreds who arrived had to return to their homes.

The centennial celebration of Buffalo Lick Baptist church, near Bagdad, Shelby county, will be appropriately observed on Saturday, May 6. The history of the church will be given by Rev. B. F. Hungerford, who was pastor for many years. Rev. Dr. W. P. Harvey, of Louisville, will make an address upon "One Hundred Years of Baptist History."

Bishops of the Northern and Southern branches of the Methodist church, who have been attending board meetings there, took part in a mass-meeting at the Masonic Theater, Louisville, Sunday afternoon and appeared on the platform together for the first time since the church divided 61 years ago. The meeting was in the nature of a love feast and had nothing to do with a union of the two churches.

## Clean House To-day.

Don't wait till to-morrow, but clean house to-day, with Dr. Caldwell's (laxative) Syrup Pepsin. Of course we mean your house of flesh and bone—your body. This is the best house you own, and should get the most care. Yet most people neglect it in a dreadful manner. As a result, stomach, liver, and bowels soon get out of order, and cause great pain, distress and dangerous internal diseases. The only safe, sure cure, is Dr. Caldwell's Syrup Pepsin. It clears out all causes of sickness, cures constipation and indigestion, cleans house and makes you well. Try it. Sold by G. L. Penny at 56c and \$1. Money back if it fails.

Messages from Constantinople give lengthy accounts of the splendid ceremony with which the Sultan's daughter was married to the son of the Turkish Minister of Justice at Yildiz Kiosk, the imperial palace. The bride's dress, it is stated, cost no less than \$46,000. According to the Paris Gaulois, it was embroidered with pearls, and was made in the palace itself by two milliners, who were unceasingly watched by an officer and two soldiers, lest they should appropriate any of the gems.—London Mail.

Col. W. P. Walton has again put on the editorial harness, much to the gratification of his many friends both in and out of the profession. He has purchased the Kentucky Journal, at Frankfort and will run a red-hot, sparkling daily paper. Col. Walton is one of the ablest editors in the South and, as we have often said, has done more good for the Democratic party than any editor in Kentucky. Frankfort needs just such a paper as he will run.—Central Record.

## Watch for It.

It will pay you to watch for the very first symptom of indigestion or liver trouble and to prevent the trouble from gaining headway, by quickly taking Dr. Caldwell's (laxative) Syrup Pepsin. Nothing is more weakening to the system than chronic dyspepsia, and all its complications. Nothing will cure it so quickly, pleasantly and surely as Syrup Pepsin. Sold by G. L. Penny at 56c and \$1. Money back if it fails.

## Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. G. L. Penny.

The Second Russian Pacific Squadron is said to be near the Island of Hainan. A dispatch from Tokio to a London newspaper says the two Russian fleets are expected to unite on May 5. Gen. Linevitch reports to the Emperor that the Russian land forces have occupied Tungshuang. The fears of popular outbreaks in St. Petersburg and other cities on Easter appear to have been groundless. No disorders have been reported from any quarter, and the celebration in the Russian capital opened uneventfully.

## How to Ward Off Old Age.

If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by Lyne Bros., Crab Orchard, Ky.

## The Interior Journal.

E. C. WALTON.

FRANKLIN county and the city of Frankfort should purchase the old Capitol Square. The new wing could be converted into a very fine and convenient courthouse. The remainder of the grounds would make one of the prettiest little parks in the State. With the expenditure of a few thousand dollars this could be accomplished. Then, with a new courthouse, a pretty little park, a \$100,000 dollar depot and a million dollar Capitol, Frankfort could be almost all that anyone could desire, hopefully remarks the Frankfort Journal. In the list of improvements desired, our brother failed to mention the removal of the many hills that surround the capital, which have caused the little city to be known as the "hole in the ground" almost as well as it is by the name given it by its founders.

EDITOR WALTON, of the INTERIOR JOURNAL, said that there are some women in Kentucky whose kisses are well worth \$100,000 each. We second the motion for a bill of particulars.—Harrodsburg Democrat. While our assertion was made in good faith Buster Brown must not let it worry him in the least, for our thoughts were far from Harrodsburg when we asserted. Take a drive up this way and see some of our loveliest of the lovely and Editor Brown will wish he had a cool hundred thousand that he might offer it all for a single oculation. However, the offer would do no good for Lincoln county girls are not built that way.

GEN. FITZHUGH LEE, of Virginia, died at the Providence Hospital in Washington as the result of an attack of apoplexy and paralysis, with which he was stricken while traveling on a train from Boston to Washington. Gen. Lee had been a prominent figure for years. He was a nephew of Robert E. Lee, was a gallant Confederate officer and almost as good a warrior as his uncle. He served as governor of Virginia, was consul at Havana, Major General of U. S. Volunteers, Military Governor of Havana and later in command of the Department of Missouri, United States army until retired upon reaching the age limit.

LAW and not fashion will dictate the head gear of the women of Missouri after Representative Walmsley's fish and game bill goes into effect June 16. The plumage of only a few birds is allowed by the law to be used in decorating hats, and thousands of dollars of forbidden feathers and bird bodies in St. Louis, Kansas City and St. Joseph stores will become contraband. Only the feathers of domestic birds, such as ostriches, chickens and ducks may be used, while the wild birds allowed milliners are confined to English sparrows, hawks, owls and crows. The penalty is a fine of \$25 for each offense.

CIGARETTE smoking in Jeffersonville, Ind., is against the law, according to the construction placed on a recent act by the city judge. His opinion is not based on the mere fact of smoking, for which there is no penalty, but to smoke a cigarette one has to have it in his possession, and this is against the law, which puts smoking under the ban. Looks like the cigarette fiend will have to hunt a more congenial climate than Hoosierdom, but the Kentucky assassins will still be welcome there and given the best that's obtainable.

THREE cheers for our friend, Clarence E. Woods, who has just been nominated for mayor of Richmond by an overwhelming majority. As the city is democratic Mr. Woods' election is a certainty and it is equally as certain that he will give Richmond an administration of its affairs that the people will have good cause to feel proud of.

THERE are 14 men on the pay rolls of the Equitable Life Insurance Company who draw \$555,000. This prodigious disposal of the company's funds should be stopped or there will be nothing left to pay policies with. There is no possible way in which these 14 men can be worth so much to the institution.

THEY are still handing around the hat for Caleb Powers, James H. Moore, a Louisville school teacher, is working Indiana for the benefit of Caleb and is said to be raking in the shekels. It would be hard for Kentucky assassins and assassin sympathizers to get along were it not for Hoosierdom.

A COMPANY is being organized in Chicago to play "The Woggle Bug," which will be a musical comedy. Perhaps it is well staged and some good actors play the various roles we may some day learn what the Woggle Bug really did say.

ALL the oldest Odd Fellows and Masons of the country having died the oldest bankers now have their inning. Milton W. Black, Indiana's oldest banker, has just died, aged 96.

THE Somerset Journal talks "hoss" sense when it says: "Any woman can make a fool of a man, but it takes a feminine genius to make a man of a fool."

The dedicatory sermon was preached by Rev. Dr. L. O. Dawson, of Tuscaloosa, Ala. Dr. J. J. Taylor, president of Georgetown College, also took part in the services, which were presided over by the pastor, Rev. O. O. Green. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two bottles completely cured me and I am now sound and well." During the Summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. G. L. Penny.

# MASTIC MIXED PAINT

## Can't Be Touched

for painting houses. The reason's plain. Mastic is the purest, therefore the most durable and economical. There is a whole string of "other fellows" claiming "just as good as Mastic" but they don't prove it. Maybe they can't. The analysis of Mastic is published. It's made of pure lead, zinc and linseed oil—the most durable kind of paint—and its purity is therefore unquestioned.

As purity means durability, the splendid wearing qualities of Mastic have given it the title of "The Kind That Lasts," and this title is backed up by our absolute guarantee. Mastic is made by PEASLEE-GAULBERT CO., Inc. LOUISVILLE, KENTUCKY and we heartily recommend it to your trade.

RURAL ROUTE No. 1, from Waynesburg, started yesterday morning, with Reuben Curtis as carrier, and W. R. Singleton, substitute. The route is from Waynesburg to J. H. Carter's store, thence to Ottenheim, down Chestnut Ridge by Parlor Grove church, back to Waynesburg. The distance is about 25 miles and Mr. Curtis receives \$720 per year for carrying the mail. Three other routes from Waynesburg are proposed.

CHILDREN AND GRANDCHILDREN.—Samuel Jeffries, who died in Casey some time since, left a family consisting of a wife and eight grown children and 87 grandchildren, says the Advocate. Mr. Jeffries had a rather interesting and remarkable family record. He was married in Russell county many years ago, but for six years and six months after his marriage no child was born to them. During the succeeding 15 years, however, he became the father of 19 children. Eleven of them were girls. There are seven sets of twins that arrived consecutively, and then five singles. Two of the girls married and each of them became twice the mothers of twins.

TEN days have elapsed since the effort was made to burn the home of John Stephens in the East End and no arrest has yet been made. A writ was issued for Granville Saylor, but Constable Johnson has never been able to serve it. Saylor is the husband of Stephens' sister, who with her two children was in the house when fire was set to it. It seems that Saylor and his wife had had a misunderstanding and that she had gone to her brother's home for protection. During Sunday night before last rags saturated with oil were placed around the door and set on fire. The occupants of the house were awakened by the blaze and when they went to the only window in the house to get out they found that a prop had been placed against it. Stephens then rushed through the door and was trying to extinguish the flames, when a load of shot struck him in the face, putting out one of his eyes. Mrs. Saylor and her two children and Stephens' little child all managed to get out of the house and the building was finally saved. In the yard they found a coal oil can, which we understand Mrs. Saylor claims belongs to her husband and some rags and papers which she is satisfied came from his house. It was a dastardly attempt to cremate the whole family and if Saylor is guilty, hanging is too good for him. He should be arrested at all hazards and made to prove his innocence, if he is not guilty.

THE music will be an attraction at the Liliputian wedding.

ED HUBBARD has plants of all kinds in abundance and is selling them as cheap as you want them.

I HAVE accepted the agency for a monument house and will be glad to figure with those thinking about buying a tombstone or monument. J. C. McClary.

SONS and grandsons of Confederate veterans of Lincoln county are requested to meet at the law office of George B. Saufley at 2 o'clock next Friday evening, May 5th, for the purpose of organizing a Camp of Sons of Veterans.

SOMERSET, the "Queen City of the Mountains," continues to grow and flourish and if the shops are built there, and there is every reason to believe that they will be, five years from now the place will have doubled its present population. Not a prophet, nor a son of one, we make this prediction and will back our judgment by offering a years' subscription to the "cheapest and best" as an earnest of our belief. The carpenter's hammer is heard in every portion of town and more would be heard if carpenters could be secured to use them. Over 500 houses in the last two years is the proud record Somerset holds. Business is always good there, the banks show enormous deposits, four newspapers are doing well, five hotels and as many boarding houses are always crowded, lawyers, doctors and other professional men look prosperous and there is every indication that the capital of Pulaski is enjoying a substantial boom. The many ex-Lincoln county people who live there are getting their part of the prosperity and they are in Somerset like they are elsewhere, among the very best and staunchest citizens. Following are some of our people who now call Somerset home: J. S. Higgins, farmer and real estate dealer; E. S. Gooch, merchant and politician; A. T. Martin, liveryman; J. O. Terry, hackman; Emil Meier, bakery; J. B. Merston and family, Mr. Merston with Q. & C. shops; Walter Everett, butcher; R. C. Leach, engineer Q. & C.; G. M. Ballard, carpenter; John G. Martin, hackman; Dr. Joseph Beck, dentist; R. C. Saufley, pharmacist with Porter, the druggist; Rex Reid, farmer; G. T. Gooch, contractor; M. C. Williams & Son, druggists; J. T. Conn, butcher; Mrs. B. C. Pennybacker and family; C. T. Samuels, plasterer; J. H. Allen, druggist; C. C. Gillespie, contractor and promoter. Besides these the following business men married Lincoln county women, who are helping them succeed in their various enterprises: J. E. Clauch, gent's furnisher; Dr. J. M. Owens, W. R. Dedman, L. H. Hunt, Dr. Sam Scott, Dr. B. G. Allen, L. H. Hussing, J. S. May. These people form a considerable colony and none in Pulaski county stand higher. About the biggest thing in Somerset is the Newtonian Hotel, an immense three story brick. It is not large enough, however, and Mine Host Newton says he will add to the building soon. The street fair was an enjoyable event and people came from all quarters of the country to it. With a dozen or more tents on the public square and people so thick you could not stir them with a stick, the town presented a lively appearance and everybody seemed to have a good time. While in Somerset we had the pleasure of an automobile ride with Mr. T. V. Ferrill, Somerset's champion chauffeur, who took us over the town so quickly we could get only a bird's eye view of the growing city. Mr. Bryan's visit to and lecture at Somerset has put a number of republicans to thinking, we were told. They imagined the great Commoner a bold, bad man, but a sight of him and his cordial, pleasing manner changed their opinion of him. It may not cause them to vote differently in the future but they will certainly have a better idea of the standard, bearers of the democratic party. No family in Somerset is more popular than that of Mr. M. C. Williams, who moved from here some four months ago. Both Mr. and Mrs. Williams are prominent in church and social circles and are foremost in all good causes. Stanford's loss was Somerset's gain when these good people left us.

KNOWING ones say Brodhead is to have a newspaper and Hustonville another bank.

I HAVE returned from the city with a handsome line of millinery, which I invite the ladies to call and examine before purchasing. Mrs. M. V. Moore, McKinney, Ky.

THE seventh annual commencement exercises of the Stanford Colored Public School took place in Walton's Opera House Friday evening. An immense crowd was present and an interesting program was rendered. The graduates were: Bessie Oliver Broadus, Minnie Belle Bailey and Mary Violet Evans. Each of them read well prepared essays. Rev. J. E. Wood, of Danville, presented the diplomas after making an excellent talk to the graduating class. Dr. W. D. Tardif is principal of the school, which is in a most flourishing condition.

### TEMPLE HILL STOCK FARM.

Magoffin Place, City Limits, Harrodsburg, Kentucky.

Red Leaf, 4-year-old record 2:22 in 9th heat over one-half mile track. Sire of 3 with records better than 2:30. Champion show horse of Kentucky and leading sire of high-class road horses and teams. \$50 to insure a living colt, and a good one at that, or \$1250 the season.

I claim it is to the best interest of the owners of mares of Mercer and adjoining counties to breed to Red Leaf—1st. Because he is not for sale; I expect to keep him and breed and handle his produce, and it is very natural that I will work for the sale of all his colts at high prices, no matter to whom they belong. 2nd. Because his colts have a reputation and have sold for higher prices undeveloped than those of any stallion in Mercer or adjoining counties. 3rd. Because his colts have taken more premiums than those of any stallion in Mercer or adjoining counties. 4th. Because he has a better record as a race horse, having won 10 out of 15 races, and a better record as a show horse, having won 28 out of 60 shows, than any stallion in Mercer or adjoining counties. 5th. Because Red Leaf is the only horse sired by a horse with a record of 2:18 (C. F. Clay), who has sired 8 colts with records better than 2:18, and with a dam (Lacy Hart) that every one who had took a standard record was a winner, and whose grand dam (Soprano) was the greatest brood mare in the world, having 11 in the list, and whose sire (C. F. Clay) sold for \$5,000, and whose dam sold for \$1,500, whose dam's sire (Red Wilkes) sold for \$30,000 for a half interest, and who himself (Red Leaf) sold at three years old for \$1,000 and at 4 years old for \$1,750, and that has himself sired 14 colts to sell for over \$800—some as high as \$2,000—and teams from \$1,500 to \$1,000, in Mercer or adjoining counties. 6th. But three of Red Leaf's colts were ever trained for speed and they all took records. 7th. But one of Red Leaf's colts was ever raced, and he started in 11 or 12 races, winning first in one and second in all the others, as shown by the Year book, and showed miles in 2:15, and would have been a sensational horse and he lived. 8th. Red Leaf has sired more high-class, high-priced teams than any stallion in Kentucky in the past two years. 9th. I can show several offers of over \$1,000 for a pair I now have. None of those sold five years old, and most of them under three years old. Now I say if you want a trotter, Red Leaf is bred to get them, as his sire is one of the greatest sires of extreme speed, and his dam a great producer, and she by one of the world's greatest sires of speed (Red Wilkes), and his sire's dam the greatest brood mare, and he can get them of the highest quality, a three-year-old mare by him showing through the circuit in regular and sweepstakes and winning 24 out of 26 shows—something equalled only by the world's famous Gypsy Queen. If you want a business horse, he can get them that will sell for the highest dollars, and his fillets are sure to be great brood mares. If these are not facts, why not? I also have a good Black Jack to stand at \$5 to insure a living colt. R. E. GODDARD.
